MOUNTAIN STATES TELEPHONE

Just  
because  
you like  
to keep  
in touch

Do you really need a *better* reason to pick up your phone and enjoy a long distance call tonight? And here's a pleasant surprise . . . you can call station-to-station anywhere in the country after 6:00 PM or on Sunday and talk for three wonderful minutes for \$1.75 or less, plus tax. Even three-minute calls to Alaska or Hawaii are only \$6.75 or less. And remember, call by number—it's faster.

# DIALING LOCAL CALLS

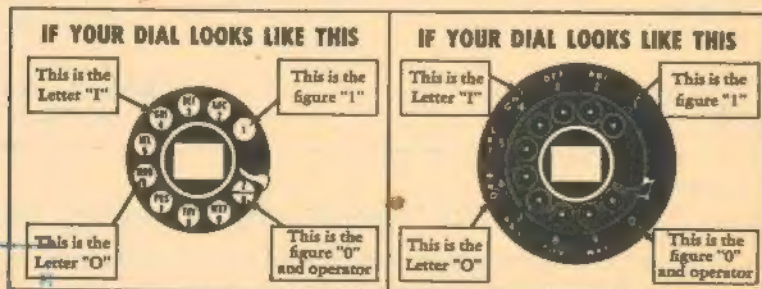

IN WINSLOW & JOSEPH CITY

For **EMERGENCY** and Telephone Service Calls See **PAGE 1**

How to use your dial telephone in making local **CALLS**

1. Know the correct number. If you are not sure of the number, look it up in the directory.
2. Dialing a local call
  - a. Remove the receiver and listen for dial tone—a steady humming sound.
  - b. Upon hearing the dial tone, dial each figure in the number.
  - c. When you hear a soft “burr-ring” sound after dialing a number, the telephone you dialed is ringing. Please give the person you are calling time to answer before you hang up. About ten rings (one minute) is usually enough.
  - d. If, after dialing, you hear a steady “buzz-buzz-buzz” it means that the line is busy. To stop the “busy signal” it is necessary to hang up.
- e. If you are calling another party on your line you will always get the “BUSY SIGNAL”. TO COMPLETE SUCH A CALL “DIAL OPERATOR” and she will be glad to help you.
3. Suggestions that will help to prevent your calls going astray—wrong numbers or not getting the “ringing” or “busy” signal.
  - a. Turn the dial all the way to the finger stop.
  - b. Completely release the dial after each pull and allow it to return to its original position at its own speed.
  - c. In making a series of calls or if you make a mistake in dialing—hang up momentarily before dialing again. This releases the equipment and gives it time to place the “dial tone” on your line again.

BE SURE YOU DO NOT CONFUSE A LETTER WITH A FIGURE WHEN YOU ARE DIALING A CALL

# Information about long distance calls

**Here are some suggestions which can save you money and time**

## How to save money

**CALL STATION-TO-STATION** if you are willing to talk to anyone who answers. Charges begin when the called telephone is answered. Station-to-station rates are lower than person-to-person.

**TO MAKE STATION-TO-STATION CALLS TO CITIES YOU CAN DIAL DIRECT (FOR WINSLOW SUBSCRIBERS ONLY)** Just follow the Direct Distance Dialing instructions on Pages 4, 5, & 6. It is easy to dial your out-of-town calls if you follow these simple instructions.

**TO MAKE STATION-TO-STATION CALLS TO CITIES YOU CANNOT DIAL DIRECT (For Winslow and Joseph City subscribers)** Dial Operator (Figure “0”) and tell her the place and telephone number. If you don’t know the number, give the operator the name and address, but tell her you will talk with anyone. Then list the number in your “Blue Book” of telephone numbers.

**CALL PERSON-TO-PERSON** if it is necessary to talk to a particular person or to a particular extension telephone or department. Charges are higher than for station-to-station calls. They begin when the person or telephone you have asked for answers.

**PLACE YOUR CALL AFTER 6 P.M. OR BEFORE 4:30 A.M. ON WEEKDAYS OR ANY TIME SUNDAYS.** You make real savings on most calls during these reduced rate periods, especially on calls to more distant points.

**PLAN YOUR CALL.** It’s a good idea, before making a long distance call to plan what you want to say. Then you won’t talk longer than you intended or have to call back because you forgot something.

## A good idea

**CALL BY NUMBER** whenever you know it—it’s Faster! When you place long distance calls by number, the operator can frequently complete your call twice as fast. If you don’t know the number, the operator will give it to you in the course of handling the call—then you can jot it down for use next time. If you’d like a handy booklet for listing frequently-called numbers, “The Blue Book of Telephone Numbers” is free. For your copy, just ask at the Telephone Business Office.

## Have a telephone get-together

Have a family reunion or a business meeting by telephone. You can talk to a number of long distance points all at one time. Just dial Operator (Figure “0”) and then ask for the Conference Operator and tell her the numbers you want to contact. This service costs less than you’d think.

# DIRECT DISTANCE DIALING

From all telephones in the Winslow exchange except coin telephones

## WHAT IS DIRECT DISTANCE DIALING?

A faster method of completing long distance calls, enables you to dial your own long distance calls direct to many telephones throughout the country. It can be used as easily and simply as dialing a local call.

## HOW TO USE DIRECT DISTANCE DIALING

### When To Use Direct Distance Dialing

Direct Distance Dialing can only be used to dial station-to-station long distance calls. Continue to dial "0" Operator to place all other long distance calls such as:

- Person-to-Person
- Collect
- Credit Card
- Calls from Coin Telephones
- Other calls requiring special handling

### Where You Can Dial

You are able to dial all telephones with 2 letters and 5 figures or with 7 figures in the cities and communities listed on the following pages. Additional communities are being added to this list from time to time, and may be obtained by dialing "0" Operator.

### Obtain The Number

If you want a number in a city listed on the following pages, dial "0" Operator and ask for the information operator in the city you are calling.

For Example: Chicago Information, please.

When you get the number, please jot it down and keep the number in front of you while you dial.

Your Blue Telephone Number Booklet for recording your long distance telephone numbers may be obtained by calling the Business Office.

# HOW TO DIAL A DIRECT DISTANCE CALL

From All Winslow Telephones (Except Coin Telephones)

## Dial The Direct Distance Dial Code "112"

First dial "112"

Next dial the three-digit Area Code listed after the desired city name in the list on the following pages. Calls to all Arizona communities will not require an Area Code.

Then continue to dial the telephone number (2 letters and 5 figures or all 7 figures) just as you do on a local call.

You can dial only those telephone numbers which have 2 letters and 5 figures, like RIchmond 8-1299, or 7 figures, like 748-1299.

It's important to remember this because some cities have numbers that you can dial and numbers you can't dial. For example, MUtual 6552 cannot be dialed because there are not 5 figures in the number.

## Here's How You Do It

For Example:

To call an Arizona number:

	DDD Code	Area Code	Telephone Number
Dial	112 (not required)		SU 3-0799
Dial	112 (not required)		783-0799

For Example:

To call Los Angeles RIchmond 8-1299

	DDD Code	Area Code	Telephone Number
Dial	112	213	RI 8-1299
Dial	112	213	748-1299

## Your Number, Please?

After you have dialed the distant number and before the telephone starts to ring, an operator will come in on the line and ask your number, saying "Your number please." When she does, give her the number of the telephone you are using.

## THINGS TO REMEMBER ON ALL DIRECT DISTANCE DIALING CALLS

1. First dial "112."
2. Followed immediately by the "Area Code," if required. (See following pages).
3. Then dial the telephone number. Be sure it has 2 letters and 5 figures or 7 figures.
4. Give the operator the number of the telephone you are using when she asks, "Your number, please?"

# IN CASE OF DIFFICULTY REPORT IT IMMEDIATELY TO YOUR OPERATOR

It is most important to dial correctly. However, if you reach a wrong number, ask the person you have reached for his telephone number and his city. Dial "0" Operator immediately and give her this information so that you will not be charged for the call. If you receive a busy signal, hang up and try the call later. If you have any other difficulty, dial "0" Operator. She will be glad to help you.

REMEMBER — NO CHARGE WILL BE MADE WHEN:

- You call "OPERATOR"
- For information about a telephone number
- The line is busy
- No one answers

## PLACES YOU CAN DIAL

HERE IS A PARTIAL LIST OF PLACES YOU CAN DIAL DIRECT BY TAKING THESE EASY STEPS.

### ARIZONA

FIRST DIAL 112 FOLLOWED IMMEDIATELY BY THE TELEPHONE NUMBER

Ajo	Higley	San Manuel
Ash Fork	Holbrook	Scottsdale
Bagdad	Humboldt	Sedona
Benson	Kearny	Seligman
Bisbee	Kingman	Show Low
Buckeye	Litchfield Park	Sierra Vista
Bullhead City	Mammoth	Snowflake
Casa Grande	Marana	Somerton
Cave Creek	Maricopa	Springerville
Chandler	Mesa	Stanfield
Chino Valley	Miami	Sunnyslope
Coolidge	Nogales	(North Phoenix)
Cottonwood	North Phoenix	Superior
Deer Valley	(Sunnyslope)	Superstition
Douglas	Page	Tempe
Eloy	Paradise Valley	Tolleson
Flagstaff	Payson	Tucson
Florence	Phoenix	Wellton
Gila Bend	Pinetop	Wickenburg
Glendale	Prescott	Willcox
Globe	Ray	Yuma
Hayden	St. Johns	

# A PARTIAL LIST OF OTHER PLACES YOU CAN DIAL

From All Winslow Telephones (Except Coin Telephones)

For These Places First Dial 112 — Then the Area Code followed immediately by the telephone number.

If The Desired City Is Not Listed

Dial "0" Operator, she will { For Dialable Cities, Furnish the Area Code.  
For Non-dialable Cities, Complete your Call.

## Things you should know about telephone service

### Emergency calls from party lines

IF YOU NEED THE LINE to make an emergency call, break into the conversation, identify yourself, tell what the emergency is and ask the other parties to please hang up.

IF YOU ARE USING THE LINE when the other party breaks in to say he has an emergency call, please hang up immediately.

### Directory accuracy

Every effort is made to keep the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors and omissions from the directory except as provided for in its filed regulations and tariffs.

### Improper language

Profane or obscene language over the Company's lines is prohibited. Any violation of this rule may constitute cause for discontinuing service.

### Warning

It is unlawful for any person willfully to refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency. Likewise, it is unlawful for any person to ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists.

### Attachments to telephones

Someone is always selling some new gadget or gimmick to hang on the telephone, presumably to improve the service or make it handier. However, most of these devices actually interfere with your service and may put your telephone completely out of order.

The Telephone Company does not sanction any devices except those it furnishes. If your telephone equipment doesn't meet some special need, the Telephone Company can furnish approved special equipment at reasonable rates.

### Recording of conversations

If you hear a "beep" on the line about every 15 seconds during a telephone call, the person with whom you are talking is recording the conversation by means of an electrical recording machine. The "beep" signal is for your protection. Use of a recorder without this signal is contrary to the Company's tariffs and not permitted.

### Telegrams by telephone

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company — see the listing of that company in this directory — and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

### Advertising business telephone numbers

Listing telephone numbers in advertising is a convenient and profitable way for a business firm to place its telephone number before the public. We encourage this, but at the same time it should be understood that the assignment of a telephone number does not imply any property right in that number. The needs of the service compel us to occasionally make number changes. If your number must be changed, we will advise you as far in advance as possible.

### Entertaining and educational programs are available for organized groups

Talks and Motion Pictures can be arranged FREE OF CHARGE for groups of people, such as schools, fraternal, church, business, trade and professional organizations; and civic and service clubs.

For full information or booking, call or visit your local Telephone Business Office.

PLACE YOUR LONG DISTANCE CALLS BY NUMBER—IT'S FASTER

## Modern homes have Additional Telephones...

Where you need them . . . When you need them

With the accent on convenience, modern homes have *several* telephones. Additional telephones in the kitchen, bedroom and basement save time and steps—let you take or make your calls where you are, not where you wish you were.

*And the cost of additional telephones is amazingly low—*

ONLY A FEW PENNIES A DAY.

**To add a decorative note to your home order additional telephones in COLOR**

In the rooms you select, color telephones give handsome testimony to your own standard of good taste. Carefully keyed to modern color preferences by leading color consultants, telephones in color are designed to personalize your decorative scheme, to give you a conversation piece that's as interesting to talk *about* as *on*.

What's more, telephones in color are available in two distinctive styles—the conventional desk or table top model and the attractive, space-saving wall model.

The low one-time cost of color telephones can be paid, if you wish, in small monthly installments.

## COMPLETE TELEPHONE SERVICE

**Makes YOUR home more pleasant**

Today over 100 items of equipment are available to make the telephone in *your* home the most efficient servant imaginable. In addition to those described here, there are many more—each designed to save you time and steps, each tailor-made for your special needs. If you'd like to learn how *you* can enjoy complete telephone service, just call your telephone business office.

### Illuminated Dial Telephones

Lift the receiver and the tiny lamp floods the dial with light. Or, a flick of the button on the base of the set and you have a handy, friendly night-light. The ideal telephone for bedside or dimly-lit locations.

### VOLUME CONTROL TELEPHONE makes listening easier

A small button on the telephone lets the user adjust the volume to suit himself. A joy for those with impaired hearing. Also especially useful in noisy locations like game rooms.

### Personalized Directory Listings

Personalized directory listings are perfect for teen-agers or adults living with you and using your telephone but who haven't a telephone listed in their own name.

## COMPLETE TELEPHONE SERVICE

**Makes YOUR office  
more productive**

Today's businessman knows that modern telephone service keeps business costs low. By saving time and steps around the office and for order taking and customer contacts, complete telephone service is playing an increasingly important role in daily business life. If you'd like to learn how modern telephone service can help streamline your office procedure, just call us. With no obligation, a trained service engineer will analyze your needs with an eye both to economy and efficiency.

### Push-button telephones in COLOR

Modern push-button telephones—in eight handsome colors—give you the convenience of six lines for telephoning. Push-button telephones may be equipped with intercom, bell cut-off and privacy cut-off. When you analyze your push-button needs, check and see if you have enough lines to handle incoming and outgoing calls. Don't give your customers the "busy signal" and don't make yourself wait for an outside line.

### Speakerphone

A touch of a button permits the user to talk on the telephone without lifting the receiver. A small desk top unit houses a loudspeaker and microphone... listen and talk, and at the same time keep both hands free for writing or consulting files.

The microphone is sensitive enough to pick up conversations from several feet away, permitting use of the Speakerphone for telephone "conferences." If privacy is desired, Speakerphone may be used as a regular telephone.

### Automatic Answering Equipment

This full-time telephone "secretary" answers calls automatically when you're away from the telephone. Automatic Message and Answering Equipment gives your recorded message to those calling—invites caller to leave name, telephone number or other recorded message in return.

Even when you're out, you're always in with Automatic Answering Equipment on the job! It's the perfect solution to the problem of missed calls.

*For more information or to order contact your telephone business office*

### Cordless Switchboard

Operated easily by anyone, this modern board provides centralized handling of calls on as many as five lines. The attractive desk-top case takes little space.

### Conference Service

*Long Distance—the  
Quick, Easy Way to  
Keep in Touch*

Want to talk to more than one other person on mutual business affairs at the same time? This use of your telephone service will save time, settle questions promptly, and is economical. Just pick up your telephone and call the long distance operator. She will arrange the details of your conference call.

### Telephone Credit Card

Here is the key to modern telephone usage. Works like any credit card. When away from home charge your long distance calls to your home or business telephone—no extra charge.

### Personalized Directory Listings

Make it easy for customers to call your executives and key personnel after office hours by listing their names in addition to your regular business listing.

SMITH CO. 123 West EX 4-1234  
Brown Wm 3131 Maple EX 4-1432  
Smith John 8089 Elm EX 4-4321

### Yellow Pages

Your advertising in the Yellow Pages will help old customers to return and new ones to find you. Yellow Page advertising works effectively and consistently in your behalf.

*When You Know What You Want  
But You Don't Know*

## WHERE TO BUY IT

◆  
The business firms whose advertisements you will find in this directory are doing their part to assist you in your everyday shopping problems. Through adequate representation they tell you quickly and easily who sells it, whom to call or where to go for the services or products you desire.

Business men and women today are using this modern method of shopping. They find it saves them miles of steps and hours of time.

Your next shopping problem can easily be solved by referring to the advertisements in this Telephone Directory. We urge you to try it.

Whether you are a newcomer or have lived in the city for years you will be surprised to find the many services and commodities you can locate in the Yellow Pages. Thousands of classified headings have been established to help identify the activities of practically every local profession or business that has a telephone.

### READY TO BUY?

Bakers or Bottles—Florists or Furniture—Tailors or Travel Agencies . . . Just turn to the proper classification and you will find many firms represented with listings and advertisements giving you vital information to help in selecting a firm to call.

———Tell Them You Found Them in the Yellow Pages!———

### LOOKING FOR BRAND NAMES?

Turn to the classification which best describes the product or service you want. Authorized dealers for products bearing the Trade Mark or Trade Name you have in mind, will be represented there, ready to serve you.

———Tell Them You Found Them in the Yellow Pages!———

### FORGET SOMETHING?

You remember the address but you can't quite recall the name. Look under the appropriate heading for the product or service you want, then check the addresses of the dealers listed there. You will quickly recognize the address and the name you had forgotten.

———Tell Them You Found Them in the Yellow Pages!———

### EVEN WHEN YOU KNOW THE NAME

The Yellow Pages help you find it faster! For example, if the dealer you are looking for is named Brown it is much easier to look for him under the classification descriptive of his business, than to look through the long list of Browns in the white pages.

———Tell Them You Found Them in the Yellow Pages!———

### IF YOU ARE IN BUSINESS

You will be giving better service to your customers and prospects if you advertise your goods and services under all headings descriptive of them. For details about advertising or additional listings in the Yellow Pages, just call your Telephone Company Business Office.

"When the information in his ad  
helps you, tell him ... 'You show it is  
the Yellow Pages.'"

**A HANDY MAN  
FOR ANY JOB**

and perhaps you want him  
quickly. It's easy to find the  
one nearest you  
by looking in the  
**YELLOW  
PAGES**

And when you call him be  
sure and say "I found you  
in the YELLOW PAGES!"

You can find it in the Yellow Pages.

## Modern homes have Additional Telephones...

Where you need them . . . When you need them

With the accent on convenience, modern homes have *several* telephones. Additional telephones in the kitchen, bedroom and basement save time and steps—let you take or make your calls where you are, not where you wish you were.

*And the cost of additional telephones is amazingly low—*

ONLY A FEW PENNIES A DAY.

**To add a decorative note to your home order additional telephones in COLOR**

In the rooms you select, color telephones give handsome testimony to your own standard of good taste. Carefully keyed to modern color preferences by leading color consultants, telephones in color are designed to personalize your decorative scheme, to give you a conversation piece that's as interesting to talk *about* as *on*.

What's more, telephones in color are available in two distinctive styles—the conventional desk or table top model and the attractive, space-saving wall model.

The low one-time cost of color telephones can be paid, if you wish, in small monthly installments.

## COMPLETE TELEPHONE SERVICE

**Makes YOUR home more pleasant**

Today over 100 items of equipment are available to make the telephone in *your* home the most efficient servant imaginable. In addition to those described here, there are many more—each designed to save you time and steps, each tailor-made for your special needs. If you'd like to learn how *you* can enjoy complete telephone service, just call your telephone business office.

### Illuminated Dial Telephones

Lift the receiver and the tiny lamp floods the dial with light. Or, a flick of the button on the base of the set and you have a handy, friendly night-light. The ideal telephone for bedside or dimly-lit locations.

### VOLUME CONTROL TELEPHONE makes listening easier

A small button on the telephone lets the user adjust the volume to suit himself. A joy for those with impaired hearing. Also especially useful in noisy locations like game rooms.

### Personalized Directory Listings

Personalized directory listings are perfect for teen-agers or adults living with you and using your telephone but who haven't a telephone listed in their own name.

## COMPLETE TELEPHONE SERVICE

**Makes YOUR office  
more productive**

Today's businessman knows that modern telephone service keeps business costs low. By saving time and steps around the office and for order taking and customer contacts, complete telephone service is playing an increasingly important role in daily business life. If you'd like to learn how modern telephone service can help streamline your office procedure, just call us. With no obligation, a trained service engineer will analyze your needs with an eye both to economy and efficiency.

### Push-button telephones in COLOR

Modern push-button telephones—in eight handsome colors—give you the convenience of six lines for telephoning. Push-button telephones may be equipped with intercom, bell cut-off and privacy cut-off. When you analyze your push-button needs, check and see if you have enough lines to handle incoming and outgoing calls. Don't give your customers the "busy signal" and don't make yourself wait for an outside line.

### Speakerphone

A touch of a button permits the user to talk on the telephone without lifting the receiver. A small desk top unit houses a loudspeaker and microphone . . . listen and talk, and at the same time keep both hands free for writing or consulting files.

The microphone is sensitive enough to pick up conversations from several feet away, permitting use of the Speakerphone for telephone "conferences." If privacy is desired, Speakerphone may be used as a regular telephone.

### Automatic Answering Equipment

This full-time telephone "secretary" answers calls automatically when you're away from the telephone. Automatic Message and Answering Equipment gives your recorded message to those calling—invites caller to leave name, telephone number or other recorded message in return.

Even when you're out, you're always in with Automatic Answering Equipment on the job! It's the perfect solution to the problem of missed calls.

For more information or to order contact your telephone business office

### Cordless Switchboard

Operated easily by anyone, this modern board provides centralized handling of calls on as many as five lines. The attractive desk-top case takes little space.

### Conference Service

*Long Distance—the  
Quick, Easy Way to  
Keep in Touch*

Want to talk to more than one other person on mutual business affairs at the same time? This use of your telephone service will save time, settle questions promptly, and is economical. Just pick up your telephone and call the long distance operator. She will arrange the details of your conference call.

### Telephone Credit Card

Here is the key to modern telephone usage. Works like any credit card. When away from home charge your long distance calls to your home or business telephone—no extra charge.

### Personalized Directory Listings

Make it easy for customers to call your executives and key personnel after office hours by listing their names in addition to your regular business listing.

SMITH CO. 123 West . . . . . EX 4-1234  
Brown Wm 3131 Maple . . . EX 4-1432  
Smith John 8089 Elm . . . EX 4-4321

### Yellow Pages

Your advertising in the Yellow Pages will help old customers to return and new ones to find you. Yellow Page advertising works effectively and consistently in your behalf.

*make sure your new home features the  
built-in convenience of concealed telephone wiring*

Concealed Wiring (pre-wiring) simply means this: During construction, a telephone serviceman visits your new home to run the wires for the telephones you'll want after you've moved in.

In this way, when you want to add extension telephones later, there's no inconvenience, no unsightly exposed wiring to mar the beauty of your new rooms.

Most architects, contractors and project builders are familiar with our pre-wiring service. If yours isn't, be sure to ask that it be included as a part of your building plan.

If you'd like free assistance in planning the most efficient, most economical use of the telephones in your home, just call our Home Telephone Planning Service. We're delighted to sit down with you and explain how pre-wiring and maximum telephone convenience go hand-in-hand.

Here's a typical floor plan for a new three-bedroom home. Note the locations that were pre-wired for extension telephones during construction, locations that provide maximum telephone convenience wherever you are in the house.
